

En10ergy & Sustainable Haringey

Compost Giveaway

Sunday 20th October

10am – 3pm

Paddock car park

Alexandra Park

**The compost is made at the Edmonton Eco Park
from our garden and food waste.**

**You will need to shovel your own compost so bring strong bags
and shovels.**

Don't do it if you have a bad back!

**The compost can be rather smelly and it might also be warm so
you might wish to let it settle a bit before putting it on your garden.**
